

## PREPARATION FOR INITIAL SERVICE

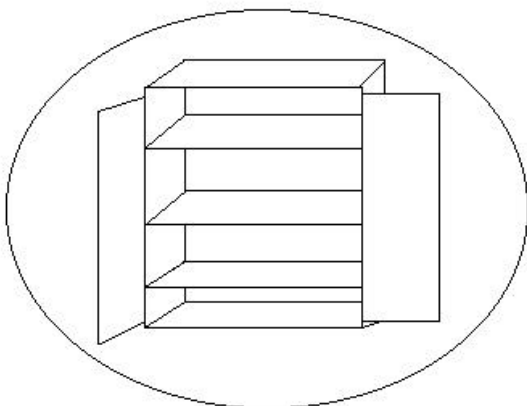

1-800-FUME A PEST  
(1-800-386-3273)

WWW.FUMEAPEST.COM

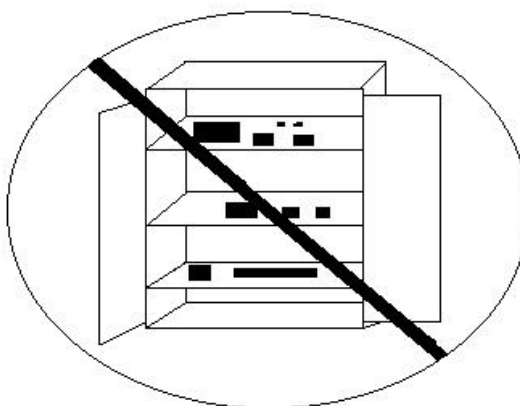

**IN ORDER TO PROVIDE A THOROUGH TREATMENT TO ELIMINATE THE CURRENT INFESTATION WE WILL NEED YOUR COOPERATION. YOUR COMPLIANCE WITH THE FOLLOWING INSTRUCTIONS WILL INSURE THE MAXIMUM EFFECTIVENESS OF THIS TREATMENT.**

1. Remove everything from the kitchen and bathroom cabinets, drawers and cupboards. Place the contents on a table and cover with a sheet. **PLEASE DO NOT PLACE ITEMS ON THE FLOOR, COUNTERTOPS OR SINK.** Remove all shelf paper from cabinets and drawers. Remove contents from stove and oven as these appliances may also require treatment. Please dispose of all trash.
2. Surfaces must be clean; therefore, we request that you wash all shelves and cabinets to remove any grease, grime, dirt, glue and dust prior to treatment.
3. Remove shoes, boxes, storage containers and etc. from all closets (bedroom and hall), shelves and floor.
4. Remove all animals, birds and fish from premises. If there is a fish aquarium, disconnect the air pump and cover prior to treatment.
5. Vacate premises for four (4) hours unless otherwise advised. Persons with asthma or any respiratory ailments should consult their physician prior to treatment.
6. Upon return, you may place your items in the cabinets and drawers, however, **DO NOT WASH SHELVES** with soap or detergents. Do not become alarmed should you notice a few insects after the premises have been treated. The condition will decrease as the material takes effect. Conditions should be "all clear" within eighteen (18) to twenty (20) days.

**THANK YOU FOR YOUR COOPERATION!**
